An experienced leader, consultant and speaker, Dr. Keena R. Mosley is committed to empowering others to bring their authentic selves to life and leadership. She has positively impacted individuals and organizations across the United States using humor, real-life experiences, and practical application in motivating others to actively participate in the growth process. At the core of everything that she does, Dr. Keena is a teacher. She believes that she was born to help others grow and reach their full potential which is exactly what she strives to do each day.

Dr. Keena's work has spanned across school district, private, non-profit, state, and federally funded organizations including being the Chief Operating Officer of a multi-million-dollar child development program with over 250 employees and serving over 1,700 children. No matter what her role, she focuses on growth, effectiveness, problem-solving and providing support for leaders. Utilizing program data, industry trends, organizational analysis, systems theory, and an understanding of human development Dr. Keena positively impacts the ongoing operations of organizations.

Her life's work has led to the launch of Momentum Leadership Group, a consulting firm focused on providing leadership development and organizational improvement solutions to non-profit organizations and early childhood programs through coaching, consulting, and virtual learning.
